MediaFile Annotation
File

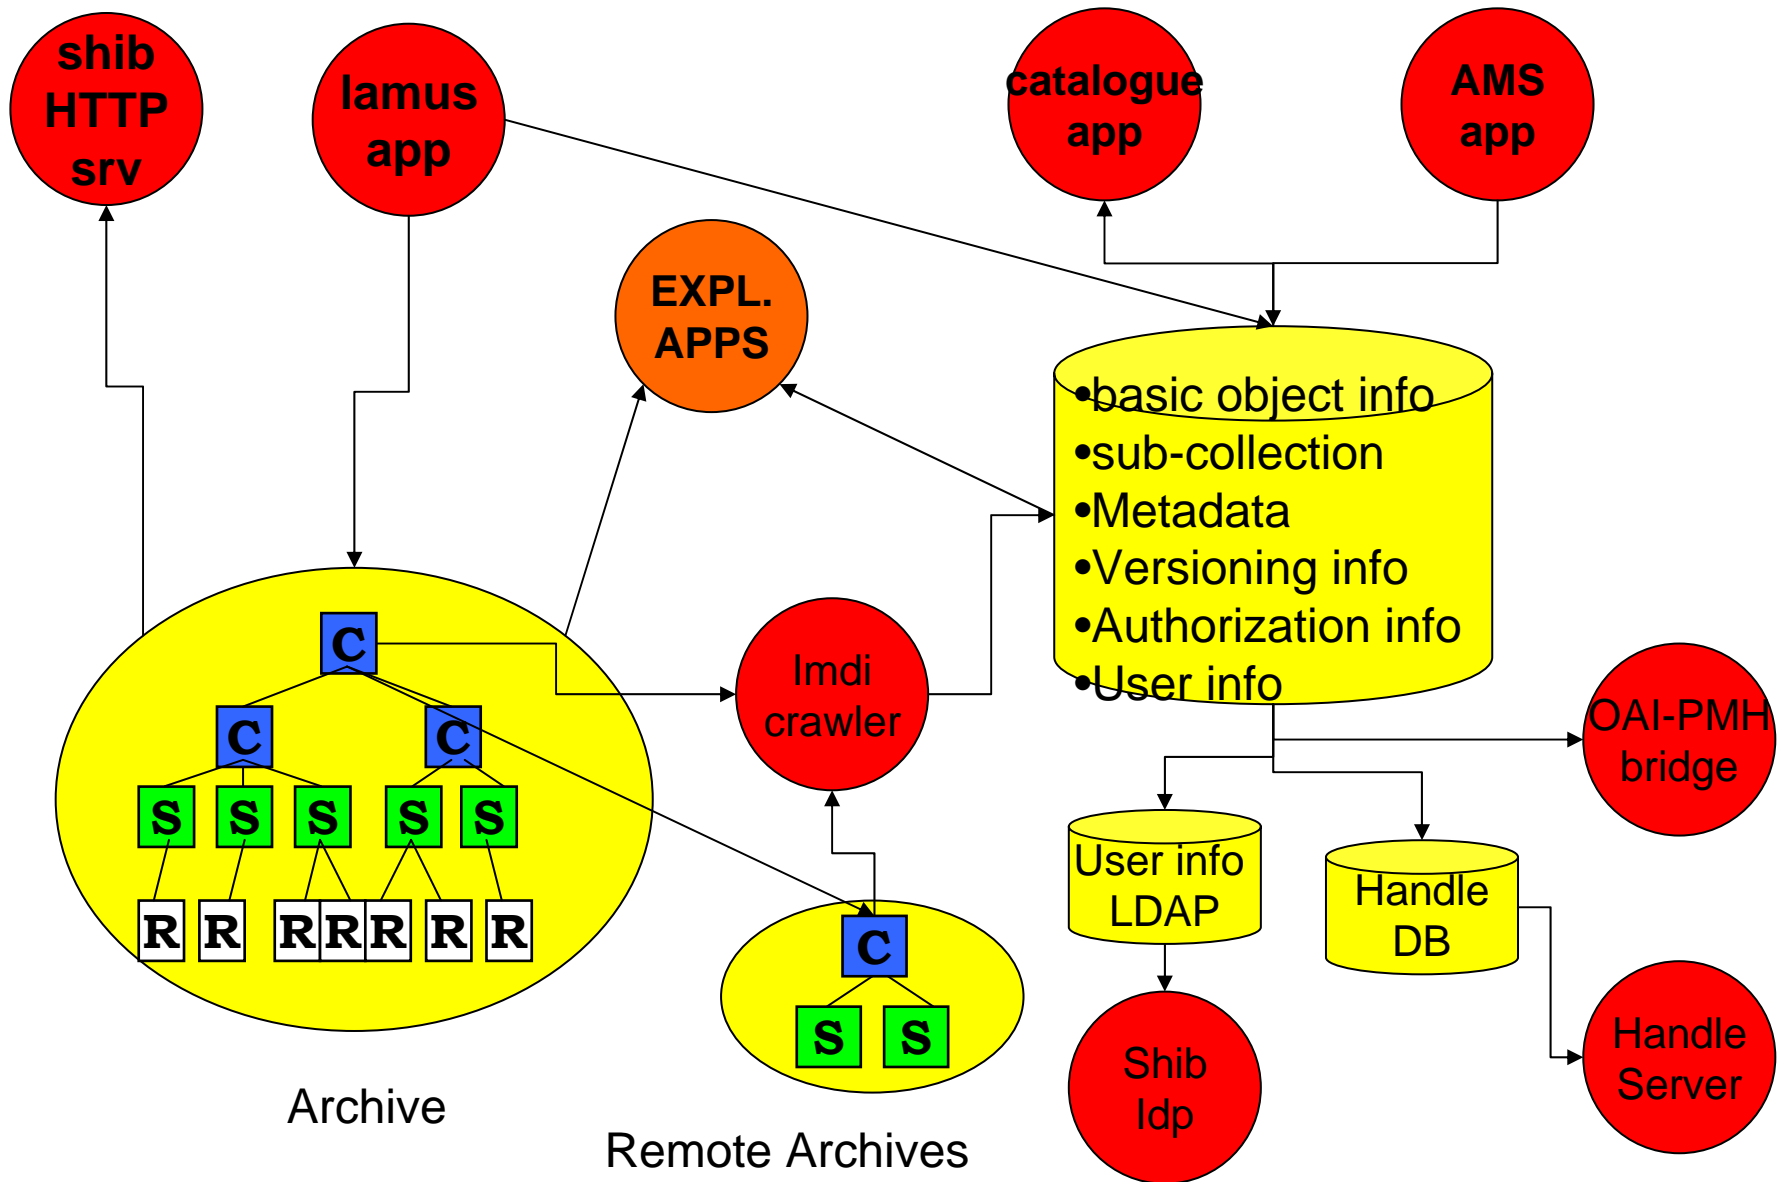

- Archiving formats only
- Metadata in XML files
- Relations represented by URL links
- DBs only as helpers

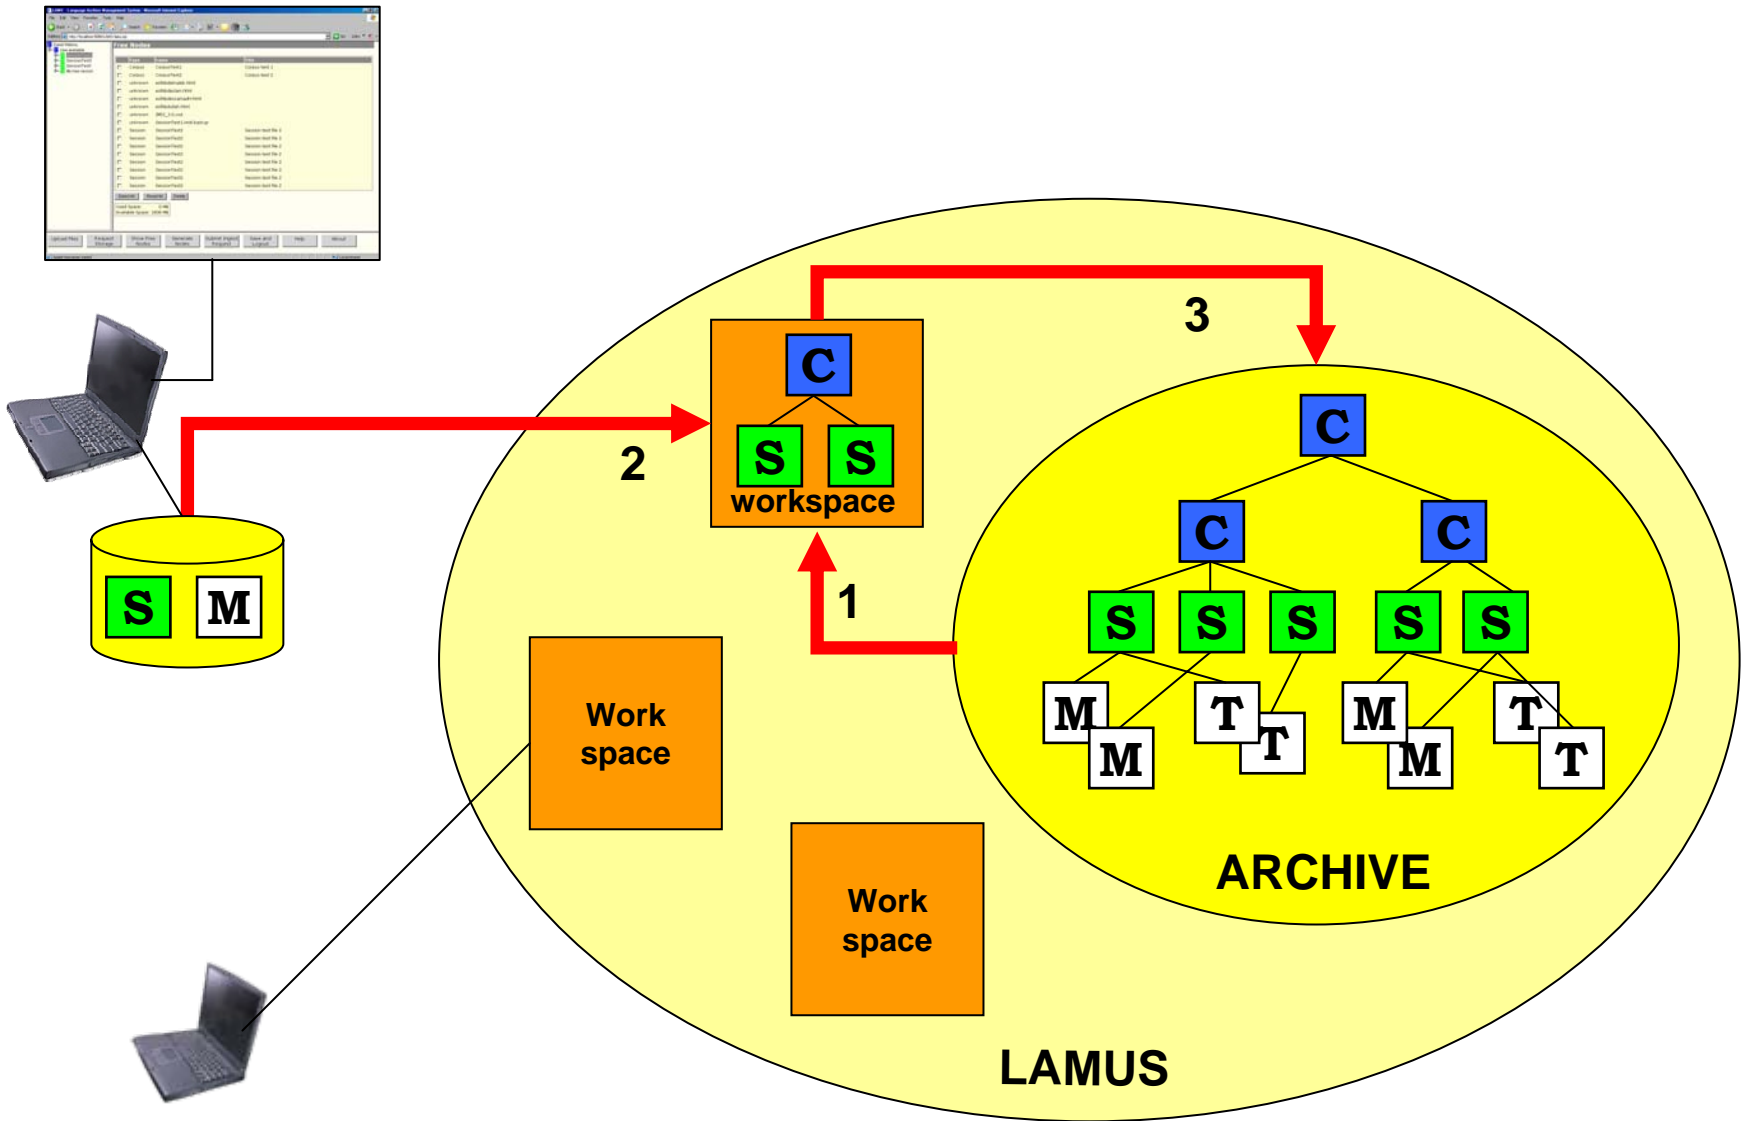

Archive Access

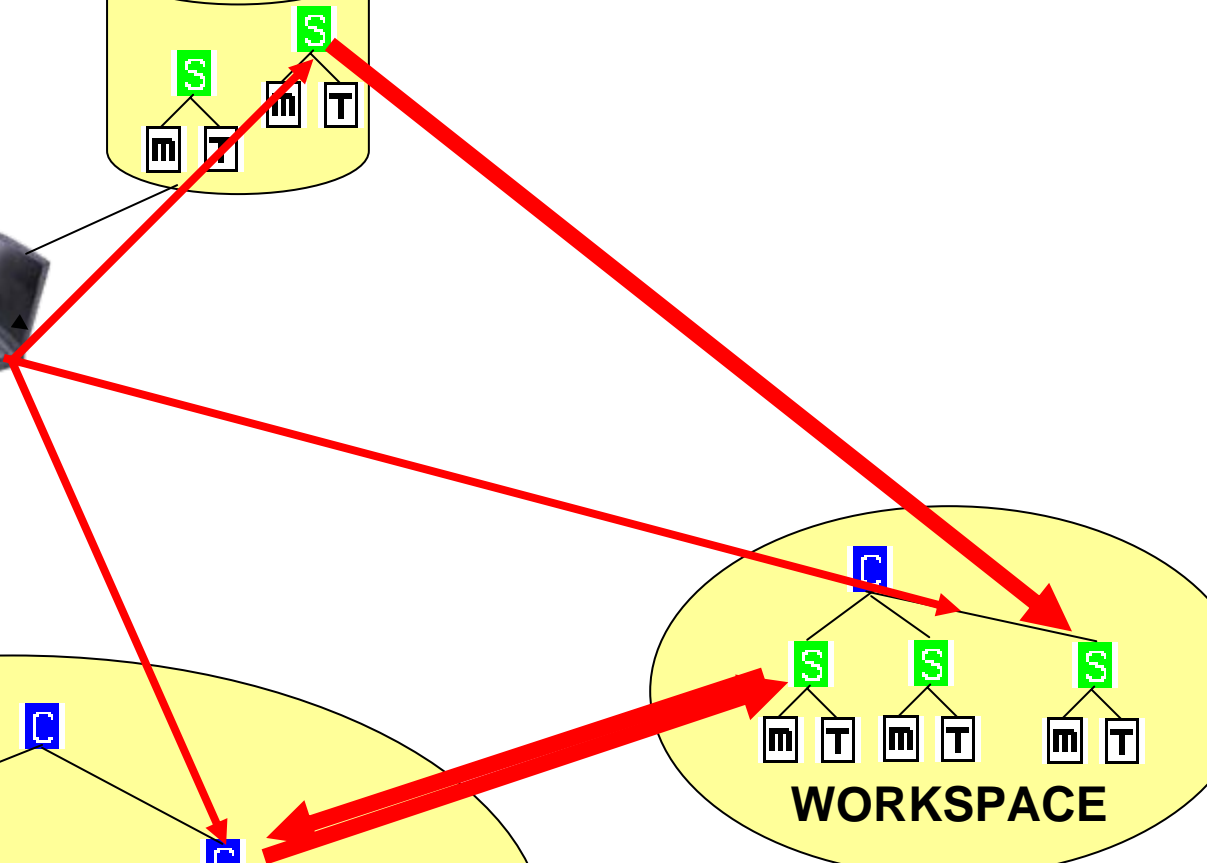

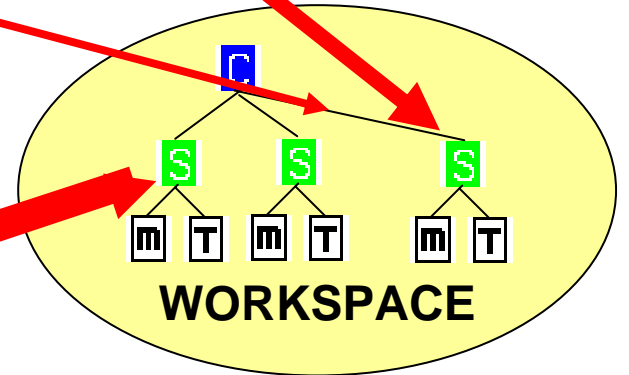

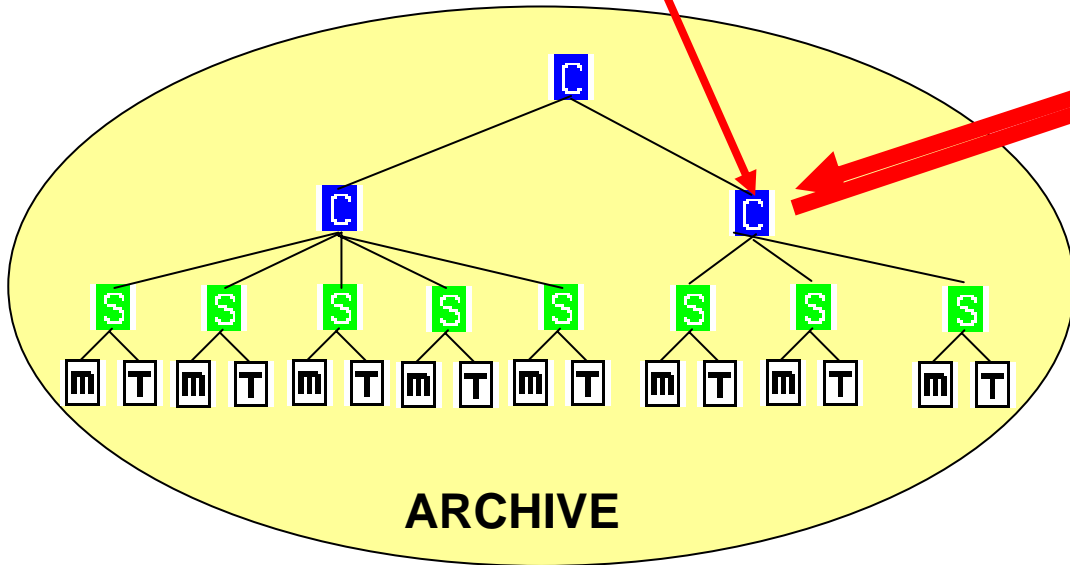

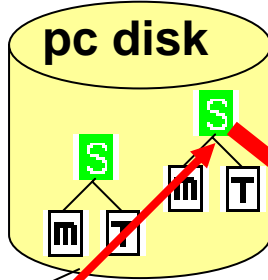

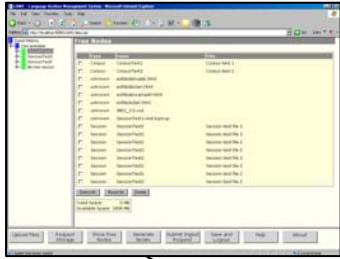

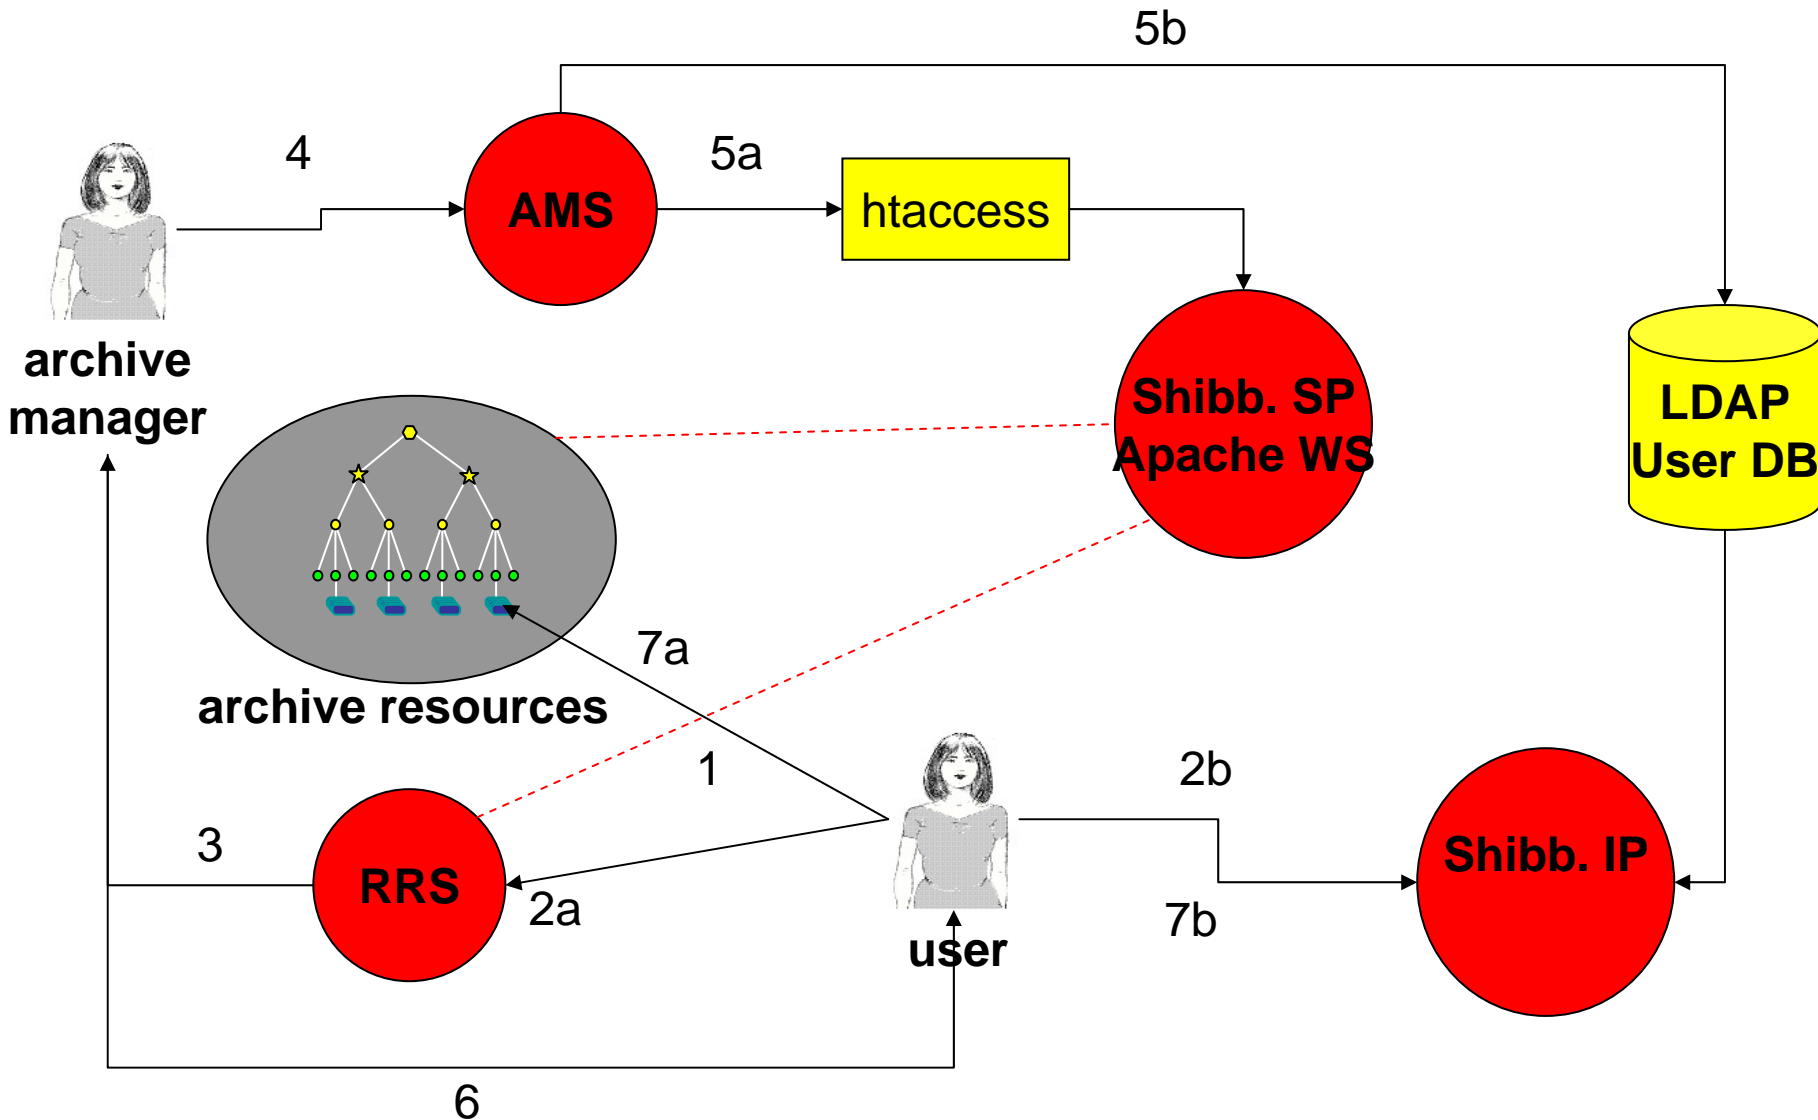

IMDI/LAT Archive

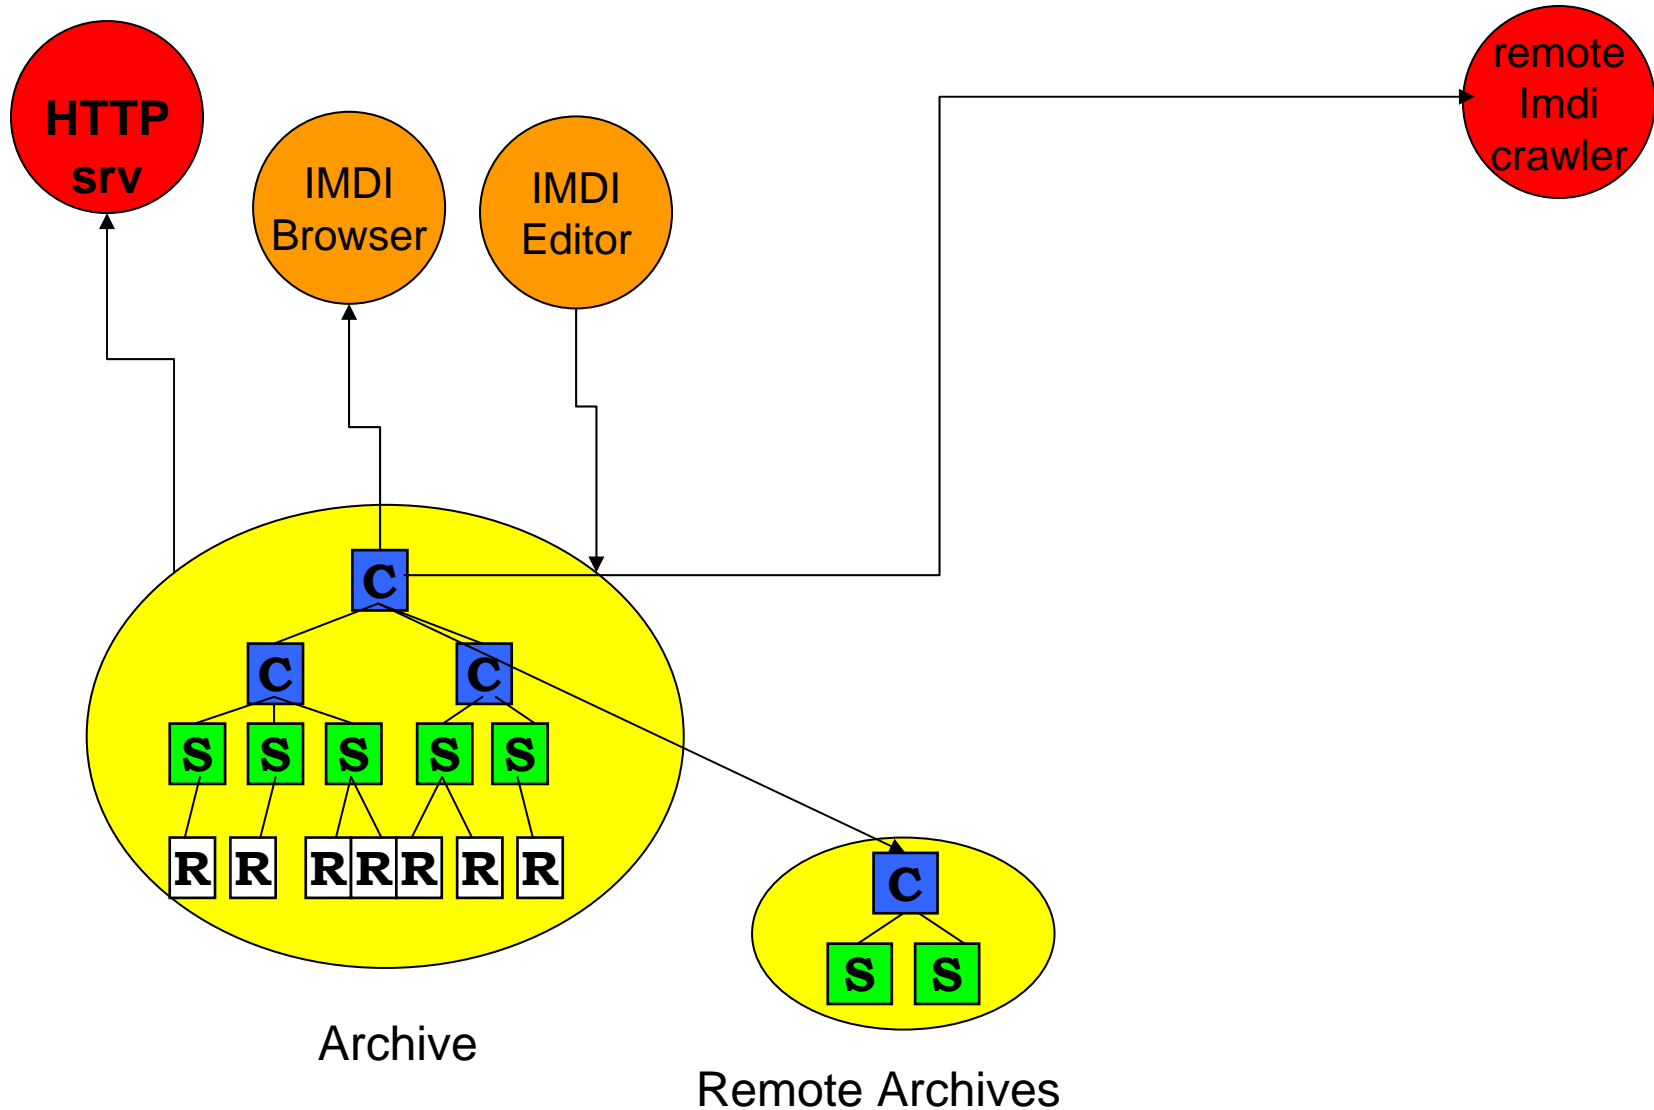

LAMUS

Simple IMDI/LAT Archive

Maintenance

Depends on what kind of repository you aspire (live archive), our collections are dynamic.

- Check consistency of repository and DBs
- Interact with partner archives
 - Manage/process new certificates
 - Exchange data

- Deal with new situations:
 - New file formats
 - Requests for new viewers
 - ...

The End

- ◆ Demo
- ◆ CGN

Bookmark an archive node or resource

You selected a node from the archive:

name: N-Game.mpeg

title: Resource "N-Game.mpeg" from "Name guessing game"

internal nodeid: MPI7974#

handle: 1839/00-0000-0000-0000-1F26-7

url: http://lux16.mpi.nl/corpora/senft/Child_Child_Interaction/Media/N-Game.mpeg

To save a reference to the IMDI Browser with the tree opened to this node, bookmark the following link:

[N-Game.mpeg](#)

Some browsers support direct use of "handle URIs", if that is the case you can bookmark the following link:

Handle link to resource: [N-Game.mpeg](#)

To save a link to the resource using the central handle resolver, bookmark the following link:

Handle link via central resolver to resource: [N-Game.mpeg](#)

To save the URL for this resource which is NOT guaranteed to be persistent, bookmark the following link:

URL link to resource: [N-Game.mpeg](#)

Cite an archive node or resource

You can create citations for this resource by embedding the following text in your document:

Title: Resource "N-Game.mpeg" from "Name guessing game"

Author(s): ,

Archive: MPI Nijmegen Language Archive

Resource format: video/x-mpeg2

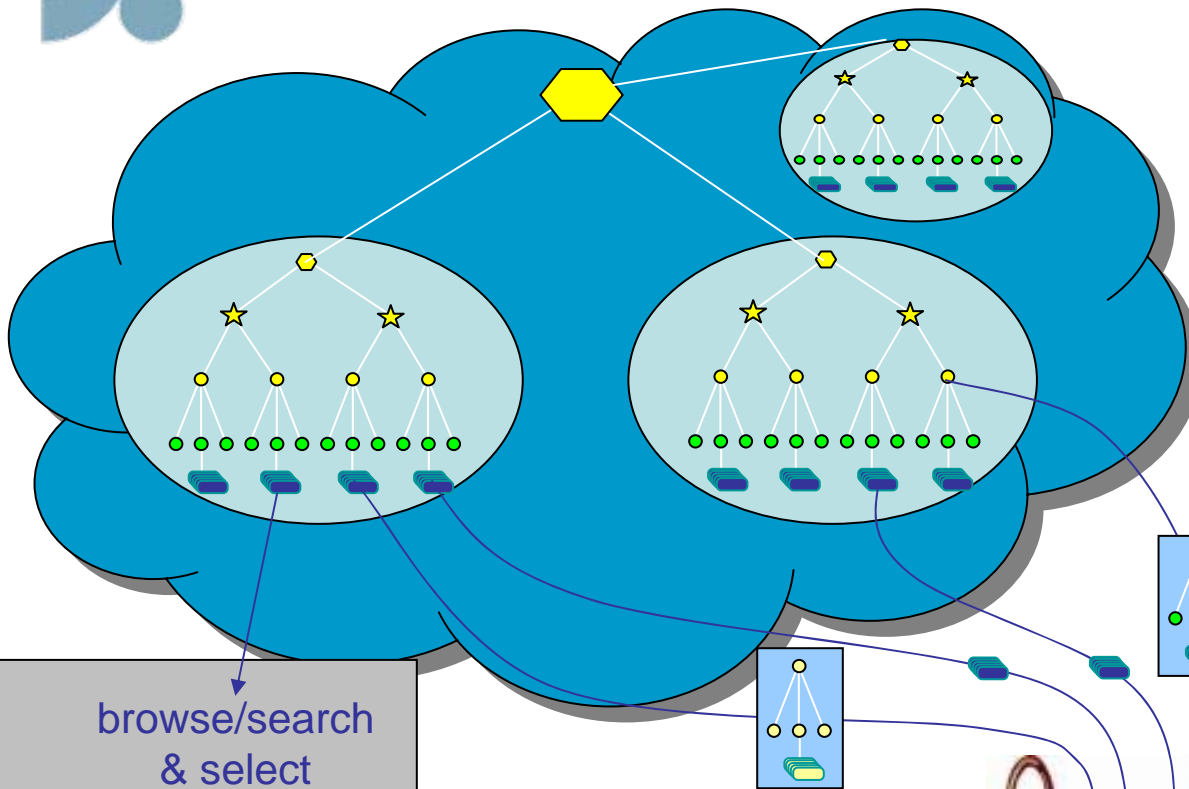

Published: Wed Aug 02 16:19:53 CEST 2006

Reference: 1839/00-0000-0000-0000-1F26-7

Link: <http://hdl.handle.net/1839/00-0000-0000-0000-1F26-7>

Shared Metadata Domain

- Use IMDI metadata for resource discovery
- user selects resources from different archives
- Browsing & searching
- this is his/her private virtual temporary domain
- possibly then again search (MD+content)
- Utilization
 - visualization/listening/...
 - comparison
 - statistics
 - ...

browse/search & select
